### C. AND O. STOCK IN DEMAND.

Stated That It Will Be Listed on London Exchange Next Week.

SENATOR BLAINE'S BOOM PREMATURE.

Me Feels Hurt and Is Not in Accord with the Harrison Programme. The Searles. Hopkins Will-New York News.

NEW YORK BUREAU, RICHMOND TIMES, | Sept. 5, 1891.

London houses were again heavy buyers of Chesapeake and Ohio securities this morning, and brokers active in the stock state posi tively that it; will be listed on London Exchange next week. At the office of Drexel, Morgan & Co., where the control of the stock is held, it was stated that they knew nothing about the prospective listing in London, and do not know of any pending deals, and have no reason to give for the advance on common and preferred stocks.

East Tennessee securities have been firmer. If the published accounts of the Richmond Terminal and East Tennessee system are not gross fabrications, East Tennessee and Richmond Terminal securities ought to be a good speculative risk soon.

THE BLAINE BOOM PREMATURE.

The Evening Post's Washington correspondent has personal information of a most trust-whorty character that the, Blaine boom is premature, but it is genuine. Mr. Blaine, the correspondent is assured, will not be a candidate under any possible circumstances, but he is not so far in accord with the Harrison programme as he was before his Bar Harbor illness. He is beginning to feel hurt at some things that have been said and done by the friends of the President since his illness, and he may return to Washington determined to show the President that if the latter gets the nomination it might be on the same terms as in 1888. He is now seriously consid-THE BLAIMS BOOM PREMATURE. terms as in 1888. He is now seriously considering the advisability of such a course. That is all that can be said just now, but that much PLATT'S RULE-OE-RUIN POLICY.

Advices received from various parts of the State indicate a very discouraging outlook for the supporters of Andrew D. White as a candidate for the Republican gubernatorial nomination. The belief is gaining ground rapidly in Republican circles that should Mr. Platt's rule-or-ruin policy be enforced at the Rochester convention, and Mr. White's nomination for Governor result, not only will the success of the Democratic State ticket be practically assured, but the election of a Democratic Senate and Assembly as well. LOOKS LIKE A SETTLEMENT.

It looks now as if there would be an amicable settlement in the distribution of the Mark Hopkins millions without recourse to the courts. The result of communications between the contesting parties have revealed a disposition on the part of Mr. Searles to settle with Mr. Hopkins and the minor contestants outside the courts, provided they will be satisfied with a reasonable share of property. Mr. Hopkins has gone to Methuen for a private conference with Mr. Searles. This unexpected action on the part of Mr. Searles is regarded as proof that he is anxious to avoid the notoricty of court proceedings.

DREWRYVILLE, VA., Sept. 4.-[Special.]-At the saw-mill of Mr. H. Powell, near here, two men quarreled. Mr. Powell came up and demanded peace, and one of the men cursed Powell, who in return struck him, and they had a fight. Then the man went home and got his pistol and threatened Powell's life, but the affair was amicably settled.

Mr. J. A. Livesay, a prominent young man of this county, will leave the 8th for the county of Prince George to marry Miss Nannie Ranney, a very pretty young!lady of that county, at Mt. Sinaichurch. The next day they will return to this place, where they will reside.

Hot Springs of Virginia.

Het Springs of Virginia.

The Hot Springs of Virginia are justly classed among the most celebrated of the health resorts of America. The curative qualities of the waters are sufficient to give them a world-wide reputation.

They are the only natural earth-heated mineral springs of hot watereast of the Mississippi river, and exhibit the same therapeutical effects as the waters of the widely-known Arkansas Hot Springs, over which famous sanitarium they have a great advantage in point of climate, as it is well known that a more pleasant and salubrious climate is nowhere to be found than in the mountains of Virginia. The valley in which the Hot Springs are situated is 2,500 feet above the sea-level, and it is a well-attested fact that malaria does not exist at such an elevation.

The diseases cured on relieved.

THE DISEASES CURED OR RELIEVED.

Gout, rheumatism, paralysis, scrofula, syphilis in all its forms, impurities of the blood, affections of the digestive canal, disblood, affections of the digestive canal, dis-enses of the liver and portal system, neuralgia, old injuries to the muscles and joints, en-larged glands, diseases of the kidneys and bladder, urethral stricture, diseases of the nervous system (especially sciatica), diseases of the womb, menstruation troubles, sterility, spinal irritation, chronic ulcers and diseases of the skip.

of the skin.

In these diseases the remedial properties of the waters of the Virginia Hot Springs are unrivaled. Many cases of the diseases enumerated above which had resisted not only the most skillful medical treatment, but in which other mineral waters of high repute which other mineral waters of high repute had been used in vain, have been entirely cured by their use.

THE BATHS.

The bath-houses are extensive and complete in their arrangement. There is a separate pool and dressing-room for each bather.

The boiler baths are supplied by numerous hot springs which issue from the earth under the floor of the pools, at a temperature of 110 degrees Fabrenheit, and retaining a permanent standard of 106 degrees in the full bath. All of the apartments are provided with beds and blankets, to enable patients who requite it to undergo the "packing" and sweating process after issuing from the bath.

The sulpher baths are supplied from a remarkably bold spring of 102 degrees temperature.

The Hot-Spout baths, which are so popular with visitors, have, in addition to the pools for immersion, an arrangement by which a continuous column of water, at a temperature of about 106 degrees Fahrenheit, may be directed at the will of the bather to any part of the bady.

The Octagon bath is supplied by one of the The Octagon bath is supplied by one of the boldest springs on the grounds. The water rises from the floor of the bath, at a temperature of 100 degrees, highly charged with carbonic acid, nitrogen, oxygen and sulphuretted hydrogen gas, which, bursting to the surface in thousands of bubbles, makes the water sparkle like champagne. The bath is twenty-five feet in diameter and five feet in depth. The water is very buoyant, and the effect of the bath is highly exhibitanting.

The ladies pleasure path is supplied with water from the magnesia spring, which bears a remarkable resemblance, both in temperature and hygienic effects, to the celebrated German spa Schlangenbad, which is renowned all over Europe, net only as a delightful bath, but also for its cosmetic properties. Mineral mud baths act more powerfully than simple mineral water baths, and their virtues are freely admitted both by physicians who are skeptical about the powers of mineral waters and by those who have most confidence in them.

Miss Lewis, in "Credit Lorraine," is strictly herself, and her art is purely her own. In physique and bearing she is magnificent.

No play ever possessed stronger situations than" Credit Lorraine." It is exciting from beginning to end.

Lillian Lewis and excellent Company at New Richmond Theatre Monday night in "Credit Lorraine." The Board of Trade scene, with its bulling of the market, is realistic and exciting.

HICKOK'S NO. I, H. D. C., FIG, AND CAROLINE SUN-CURED ARE PURE, CLEAN AND CHOICE SUN-CURED TOBACCOS, TRY THEM.

"Credit Lorraine," the powerful drama, is founded on facts, and is Mr. Marston's greatest effort. The part of Leonora di Castiglioni was written for Miss Lewis.

Secure a home at Highland Springs, one of highest, healthiest, pleasantest places in the suburbs of Richmond. Take Seven Pines railway. Five-ride tickets, 25 cents. Some of the new houses are for sale on easy terms, and the railroad company gives a yearly pass with each house when occupied.

Miss Lewis wears exquisite gowns, made by Worth, in the wonderful play, "Credit Lor-raine," at New Richmond Theatre Monday night.

"How to Cure All Skin Diseases,"

Simply apply "Swayne's Cintment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, &c., leaving the skin clear, white, and healthy. Its great healing and curative powers are possessed whose other remedy. Ask your druggist for swayne's Cintment.

Such artists as Lillian Lewis, Edmund Collier, Louise Pomeroy, Arthur Elliot, Walter Eytings and others are the principal players in "Credit Lorraine" at New Rich-mond Theatre to-morrow evening.

Diphtheria is arrested by a few minutes' application of the Electropoise, and is cured in from one to three days. This statement is based on facts. For this disease there is no known treatment that is so quick and certain as the Electropoise. It is also the best of preventives. Call on Paul Pratt, 416 east Grace street, if you value the safety of your children.

Miss Lewis, beautiful, magnetic, with a wonderful voice, is a most attractive figure in her Parisian gowns made by Worth.

Oh, What a Cough.

Will you heed the warning—the signal, perhaps, of the sure approach of that more terrible disease. Consumption? Ask yourselves if you can afford for the sake of saving 50 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million of bottles were sold the past year. It relieves Croup and Whooping Cough at once. Mothers, do not be without it. Sample bottles free. Sold by Bodeker Brothers and H. M. Shields & Co., corner of Fifth and Marshall streets.

Deafness Can't be Cured

by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the
Eustachian Tube. When this tube gets inflamed
you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is
the result, and unless the inflammation can be
taken out and this tube presored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that we
cannot cure by taking Dr. Hall's Catarrh Cure.
